## EDUCATION

- 06/2019 - 07/2022 • Bachelor's Of Technology  
Jyothismathi Institute of Technology and Science (JNTUH)
- 07/2016 - 04/2019 • Diploma in Electrical & Electronics Engineering  
Jyothismathi Institute Of Technology And Science (OUSBTET)
  - Obtained Diploma in Electrical and Electronics Engineering, equipping with practical skills in circuitry, systems analysis, and problem-solving for technical applications
- 07/2015 - 04/2016 • 10th  
Alphores High School (SSC)
  - Successfully completed 10th-grade SSC, demonstrating commitment to education and acquiring essential foundational knowledge.

## SUMMARY

Eager and adaptable full-stack development enthusiast, fresh graduate with a strong grasp of front-end and back-end technologies. Excited to apply my skills, learn, and contribute to dynamic projects while continuously growing in a collaborative team environment.

## STRENGTHS

### problem-solving:

- Analyze complex issues and develop effective solutions.
- Apply logical thinking to troubleshoot and resolve challenges.

### Adaptability

- Embrace change and quickly learn new technologies or methodologies.
- Thrive in dynamic and evolving work environments.

### Attention to Detail:

- Ensure accuracy and precision in coding and system development.
- Thoroughly review code to identify and rectify errors.

### Leadership

- Guide and mentor junior team members to enhance their skills.
- Coordinate tasks and delegate responsibilities within projects.
